

## Math 10 Unit 3 Review Activity

The class will be split into 6 groups of 4-5. Each group will be assigned a chapter.

TODAY::

In these groups you will prepare:

- A mini lesson (5-10 minutes) that you will present to half the class which will include
  - Working out a problem together
  - Explaining the important/difficult concepts
- A "FACT SHEET"
  - A word document that has important concepts explained. Pictures may be included but are not necessary.
- You will create 1 mathematical problem, with solution.

Tomorrow:

- You will present your mini lesson to two other groups
- You will hand in your Fact Sheet.
- And hand in the question and solution
